SUMMARY

[1-line statement: what you build + niche/strength + role you're seeking]

EDUCATION

[College Name] [MM YYYY – MM YYYY]
[Degree] • CGPA: [X.XX / 10]

[School Name — 12th Standard] [MM YYYY]
[Board] [XX%]

[School Name — 10th Standard] [MM YYYY]
[Board] [XX%]

EXPERIENCE

[Company Name] [MM YYYY – MM YYYY]
[Role]

- [Built/Designed/Led something using specific tech, with quantified impact]
- [Collaborated/Owned/Shipped — what + outcome with number]
- [Tech: list actual technologies used]

PROJECTS

[Project Name] | [Tech Stack] [MM YYYY]

- [1-line problem and who it affects]
- [What you built + key technical decision]
- [Quantified outcome: users tested, % improvement, time saved]
- **Live:** [project-url] • **Code:** [github-url]

[Project Name] | [Tech Stack] [MM YYYY]

- [1-line problem and who it affects]
